Nah, the world (those who aren't TV / Social Media zombies) already knows it.

On Jan 6th, he wants **each and every one of you** to show the world, and the traitors in DC, what **you** are willing to do to save democracy - in the US, and throughout the world.

One correction, we're not a Democracy, we're a beautiful Constitutional Republic, for the people, by the people.

[parent](#) [permalink](#) [save](#) [report](#) [block](#) [reply](#).

▲ 5 ▼

– [MAGAt](#) 5 points 45 minutes ago +5 / -0

Our constitutional republic was supposed to be controlled by white male land owners. As we eroded the constitution we invited more and more communists to vote.

Unfortunately we've reached a tipping point where too many communists are voting.

We need to go back to the original intent of the constitution. A republic in which only male land owners can vote. If this idea is too scary to you, look inwards towards your engrained liberal bias. This is what the country was meant to be. One nation, under GOD.

[parent](#) [permalink](#) [save](#) [report](#) [block](#) [reply](#).

▲ 1 ▼

– [h4ck3l](#) 1 point 1 minute ago +1 / -0

There's only a small percentage of Americans who are communists actually voting, there's an overwhelming amount of machines voting for them though so I guess they have that.

[parent](#) [permalink](#) [save](#) [report](#) [block](#) [reply](#).

▲ 5 ▼

- [CahalTheMad](#) 5 points 53 minutes ago +5 / -0

Yes but we still have democratic processes like voting, where the people are supposed to have a voice but which has been eliminated in the US thanks to corrupt shitocrats defrauding the electoral process and disenfranchising 200 million citizens (a fair estimate of how many oppose leftist tyranny despite most not actually voting, but still, their voting rights are nullified regardless).

It'd be better to have 1000 armed rebels than a million "protestors" behind him. Holding a sign and complaining will accomplish nothing at this point; they have heard our grievances and have ignored them.

Protesting is only airing grievances in public. The people in seats of power don't care about your grievances because they feel untouchable. Unless it's mostly peaceful, then Joe Biden will the president elect on the 7th.

Well chances is he tries anything drastic the deep state is gonna try to take him down under the pretense of saving the republic from a dictator. You gotta remember that the alphabet agencies are full with traitors and commie supporters and they aint just gonna roll over and accept a loss. Likewise many people around him in essential positions turned out be snakes, and its not even clear how much of the SS can be trusted.

So in the first hours while control is established and its clear who is behind him and who is not, a big mass of a sympathetic bodies acts both as additional security and makes it easier for undecided people in important positions to choose a side.

Sure they might not make an attempt to take him down but better safe than sorry.

Yes he does. He needs to put the fear of God into the deep state. He cannot do so standing behind a podium by himself. To do what he needs to do and will do requires millions of us to physically be there. If you cannot comprehend this I honestly feel sad for you, but in a few short weeks even you shall see.

Feds, I'm speaking hypothetically here, what is to guarantee someone coming down to DC, with their rifle and plate carriers with the boys, the promise that others will be doing the same in HUGE numbers and for a place to link up. This can't be done ad hoc if someone truly wants to organize this. I have no real connections with other non immediate friends like a proud boys type network, even if I wanted to do this. That's a stop gap that's hard to fill if someone really wanted to do this.

I'm seeing a lot of people say 'boy I wish I could go but I can't' or 'I can't go to DC but if he calls for us to rise up, I will'

THIS IS THE CALL TO RISE UP

Be in DC. If you truly CANNOT be in DC, be at your state capitol. If you can't be there, be at your City Hall. You will take off work on the 6th. You will mobilize. You will physically leave your domicile and stand on a street, preferably wearing red, white, and blue with a sign.

If you are home on January 6th, you have signaled that you are ready for President Joseph Biden.

MOBILIZE

I understand the feeling of inability to leave due to finances or family. But it must be understood:

IF THEY WIN THEY WILL COME FOR ALL OF THAT ANYWAY

This is our last true chance to free ourselves. This is it. The chips are on the table whether you want to put them there or not. It sounds dire because it is. That is why people have to understand that you aren't leaving anything they aren't already planning to take. This is how you protect it

I understand what you're saying. But understand also that there are limits to who can do what. And some people can be more effective where they are. There will be plenty of people going to DC. If you're 1000 or more miles away, protest at your state capital. And if the time comes to start shooting, shoot the people who are where you are. We have commies and RINOs everywhere. We need to take control everywhere. We need a show of force everywhere, not just in DC.

They took away the political solution, they are about to get the other one.

It is maddening is it not? They presented evidence to legislatures and courts, they had video, statistical analyses (admissible in court) and an entire table of binders filled with sworn affidavits. Yes, you are right the political solution was removed.

AUTISTS ASSEMBLE look at the [snapchat picture from last night !](#) we've been waiting for a signal from POTUS - this is it. remember "Highlights for Children" ?

[Find the hidden \[whatever\] in this picture](#)

halfway between his waist and the left margin of the picture. See the shadowy rectangle ? What is that ? It's about the same height as his legs are long. It's proportioned about the same as a box of cartridges.

[EDIT: ~~Now ROTATE THE IMAGE. There is something to the left of the lion that's NOT A REFLECTION OF SOMETHING ON THE SHORE and you don't see it until you rotate the image, and it is in close to the same place as the shadow rectangle. fuck, my screen was dirty~~]

THERE IS A HIDDEN MESSAGE IN THIS PICTURE.

Is there hidden code in this picture? It's a 1.28 mb .PNG file. What can we learn from it? Is there metadata that would tell us anything in this picture ? Any layers ?

Hrm... that rectangle is pretty weird huh. I'm no autist but if I was posting a rectangle as a hidden message, it would probably relate to its dimensions. Definitely need some chans and autists on the case.

The rectangle seems to be 55 pixels wide by 190 pixels high.

$190/55 = 3.45454545455$

Or $55/190$ is 0.28947368421

I can't see that reflection on the left of the lion though, even with the image flipped.

shoot, that was dust on my screen, there's actually nothing there when you flip the image.

But you saw the rectangle too ! At least that's not my imagination.

the rectangle has another smaller rectangle in the lower left corner that is the same proportion as the bigger rectangle. More pixel ratios with a numeric message?

3.45454545 means 45 gets more than 2 terms ? Is that an irrational number that repeats to infinity?

I have heard that it is possible to embed executable code in a graphics file.

That's what I thought as well when I saw 45 recurring.

Holy shit you're right!

The point of Trump's tweet in my point of view is to see who / haow many ppl support him.

Any able person that is a supporter needs to plan their way to DC for the 6th. Show your support!
